1. The name of the color on both the front and garage door comes from a mineral. Ancient cultures such as the Egyptians and Aztecs used this mineral to adorn their rulers. The color's name was derived from the French word for Turkish because this mineral was first brought to Europe from Turkey. Hint: 2000 to 2100 block of McNab Avenue _____
2. The name of this tree in Spanish means "green stick". The pollen is very sticky so it clings to the trunk. Hint: 2000 block of Conquista Avenue _____
3. Do you know the oldest one of these can be found in front of the Los Angeles Coliseum. We are not sure if it is a Queen or a King or a California variety but it certainly shines bright! Hint: 1900 to 2100 block of Snowden _____
4. It's a twofer. We have a tall dog with a basket of flowers in his mouth and the most adorable child's playhouse. Hint: 1900 block of Montair _____ and _____
5. Hey Hey diddle, diddle, The cat and the fiddle, The **hint** jumped over the moon; The little dog laughed To see such a sport, And the dish ran away from the spoon. Hint: 6200 to 6300 block of E Fairbrook Street _____
6. They are the smallest migrating bird. They are the only birds that can fly backward. On average they weigh less than a nickel. Hint: 1900 block of Marber _____
7. Warmly known as the 'Disneyland' house due to its Tudor design including a turret. Looking for its wood side gate with a heart cut-out. Hint: 1800 block of Lave Avenue _____
8. 'The Rime of the Ancient Mariner' was written in 1798 by English poet Samuel Taylor Coleridge. Hint: 1800 block of Lave Avenue _____
9. There are very few homes that still have their original rock roofs from the 50s. These roofs have a low pitch (or the rocks would fall off silly). In theory the white rocks reflect sun and heat during the day but cool down quickly in the evening. Hint: Either a home on 5800 block of _____
