T2MRE WELCOMES YOU

T2MRE welcomes you as a new resident. T2MRE is an abbreviation used in lieu of the full company name, T2M Real Estate and is used throughout this Handbook.

We believe that a good landlord-resident relationship is important to your enjoyment of the home you are renting. Good communication will help make that relationship a good one.

Both you, and the owner of this home, have agreed to the terms of the lease. Our job is to ensure both parties follow the terms agreed upon.

To achieve a successful tenant/management relationship, we prepared the T2MRE Tenant Handbook to assist you with your tenancy. We recommend that you keep it in a convenient location so that you can refer to it easily.

You will find maintenance guidelines, rental payment instructions, general information, safety tips, vacation guidelines, emergency instructions, holiday tips, and more, within this handbook.

We have also included forms for you to use when necessary. T2MRE wants you to be prepared throughout your tenancy. Therefore, we want to provide important information and documents that you may need in the future.

The owner of the property has retained T2MRE as their Property Management Company and representative to manage the property you are renting. Therefore, you need to contact T2MRE when you need assistance and we have listed how on pages 4, 5, and 6.

If you have questions or concerns on any of the information contained in this documentation, contact our office at any time. T2MRE is here to help you.

We wish you a successful and enjoyable tenancy in your new residence.

T2MRE PERSONNEL

We have a complete staff to assist you. T2MRE has found “Management Teams” effective for assisting tenants during their residency. You should know your team at this time, but if you need more information, contact us for more information.

- **Management Team:** T2MRE has assigned a management team to your account, consisting of a Property Manager and Assistant Property Manager. They concentrate on assisting you with all the details of your tenancy. Contact them to answer your questions.
- **Sales Team:** T2MRE also has a sales team that can assist you with Real Estate sales, buying or selling. The sales team is experienced and licensed Real Estate agents.

Team	Position	Name	Phone + Ext.	Email
Mgmt. Team A	Property Manager	Randy A. Pereira	210-442-9178	randy@t2mre.com

	Real Estate Specialist	Full Name	Telephone # + ext.	Email address

TENANT COMMUNICATION

On the next page, we have provided general office information, and we have just covered the T2MRE teams on the previous page. Communication makes a difference in any area of life, and it can only enhance your tenancy by letting T2MRE know what you need.

Use the telephone, email, the T2MRE website email access, or written correspondence to contact us. What is important is that you DO contact us when you need assistance. Remember T2MRE is here to help you

Telephone calls during office hours

During office hours, listed on page 8, there is normally a live person to answer your call. Sometimes, your management team may be on the next line, and not be available, so please leave a voice message, so we may return your call.

Voicemail

If, during the day you reach our voice mail system, please leave a message, complete with your name and the telephone numbers where T2MRE can reach you, both day and evening. Someone will return your call. The benefit of a voice mail system is the ability to leave a message twenty-four hours a day, seven days a week.

After hours calls

Of course, the voice mail system will take all messages after hours (please refer to the hours on the page 8).

All Maintenance Calls (Including Emergency Maintenance Calls)

Immediately call the 24/7 maintenance emergency call center, **210-401-4823**.

Online Maintenance requests

Please remember that all Work Orders must go through call center or submitted online. This is in your rental agreement. You can submit a work order online here:

<https://www.t2mre.com/maintenance-requests/>

Change of information

It is important that you notify T2MRE of any changes in telephone, fax, cell numbers, or email. An information change form is located in this handbook as well.

Email

Email is a great way to communicate and we request that you send your email address to **your property manager's email**. T2MRE will put your email address in our database. This enables your management team to contact you quickly and efficiently, and when needed, send you important information.

Please note that although communication by email is encouraged, T2MRE does not accept notices to vacate by email letter only, we have a specific notice of intent to vacate that must be completed.

T2MRE requires the Notice to Vacate in writing, and this form can be completed/submitted online here, <https://www.t2mre.com/step-by-step-guide-for-residents/>

Website

The T2MRE website, <http://www.t2mre.com>, contains important information for tenants. Visit it regularly to use the Tenant services. There, you can easily find numerous online forms, your tenant portal, and basically a step-by-step guide for every stage of your residency. <https://www.t2mre.com/step-by-step-guide-for-residents/>

PROTECT YOUR RENTAL AND CREDIT HISTORY

Some day you will eventually move out of the property. It is important that during your residency, you care for your rental history and credit. Most likely, you will either rent again or purchase a home. In either case, you will need good rental references and a good credit report. Avoid late rent payments, care for the property, and move out properly. Give T2MRE the pleasure of being able to provide a good reference for you when you vacate the property.

Rental/lease agreement

You received a copy of your rental/lease agreement, including maintenance instructions, move in checklist, and any other necessary documentation. We recommend that you keep this paperwork with this Handbook for easy reference. Please always remember a rental/lease agreement is a binding agreement. If you have any questions regarding your lease, please call your T2MRE management team.

Moving Checklist

There is a great checklist in this package for when you are moving. You will find the Moving Checklist in the back of this handbook.

Utility/Cable Companies

When you rented the property, T2MRE cancels the utilities, in the owner's name, on the 1st day of your rental agreement. To avoid discontinuation of service, contact the utility companies immediately. The move in checklist contains the telephone numbers of the utility services.

If utilities are not setup in your name, we will not move you into property.

Rental payments

Rent is due on the first of each. If you know that you will have a delay or problem paying by the due date, contact your management team immediately. Lack of communication can affect your payment record.

T2MRE receives rental payments by:

- US mail (Convenience Fee Will Apply)
- In the T2MRE office (Convenience Fee Will Apply)
- By using ACH (Automated Clearing House) - this automatically takes your rental payment directly from your bank and deposits it into the T2MRE bank, saving you time.

T2MRE does NOT accept rental payments in:

- Cash
- Rolled coin
- Credit cards
- Debit cards
- Post-dated checks

Fees/charges (Review lease agreement for more information related to charges/fees)

If you fail to pay rent on time and in full, you will incur the following charges:

- Late fee – the T2MRE late fee is \$ **100.00** if rent is not received before the third day of each month, and a daily late fee of \$ 10.00.
- Service fee – the T2MRE service fee is \$ **75.00**, if a notice to pay or quit is served because your rent is not received in a timely manner. This notice goes out on the sixth day of each month.
- Maintenance charge – T2MRE will bill you if you have made an appointment with a vendor but failed to meet them at the scheduled time. If T2MRE receives a service call billing, you are responsible for reimbursement immediately.
- Preventative Maintenance Charge – A/C and Heating System Filter Program - **“The monthly rent in Para. 5 of lease, along with the monthly preventative maintenance fee of \$20.00, for a total amount due in Para. 5 plus \$20.00 on the 1th of each month without demand to T2M Real Estate”**

****The HVAC system is one of the most expensive systems in home and we need to ensure routine maintenance is being completed. All of our properties have 1 or more filters that require replacement every 30 days. This Preventative Maintenance fee allows us to provide the convenience of the right filters being mailed to you automatically each month. It is not a negotiable. ****

A/C and Heating System Filter Program

A/C AND HEATING SYSTEM FILTER PROGRAM: TENANT is responsible for replacing all A/C and heating system filters at the property on a monthly basis. The only filters to be used at the property will be provided by LANDLORD and will be mailed directly to the property

approximately every 30 days. TENANT shall properly install the filter that is provided within two (2) days of receipt. TENANT hereby acknowledges that the filters will be dated and subject to inspection by LANDLORD upon reasonable notice to verify replacement has been timely made. If at any time TENANT cannot properly or timely install a filter TENANT shall immediately notify LANDLORD in writing. TENANT's failure to properly and timely replace the filters is a material breach of this agreement and LANDLORD shall be entitled to exercise all rights and remedies it has against TENANT and TENANT shall be liable to LANDLORD for all damages to the property, A/C or heating system.

Maintenance reimbursement

Generally, T2MRE assigns a vendor to perform work you request in your residence. However, if you have contacted T2MRE and requested to perform a minor maintenance item and T2MRE has agreed to reimburse you:

- Pay the bill and send the receipt to T2MRE. T2MRE will reimburse the amount due to you.
- Do NOT deduct the amount from your rent.

CARE OF THE PROPERTY

Getting to know your residence

When you move into a property, it is helpful to know where important items are located. Take the time to know or locate the:

- Main circuit breaker in the event power goes out
- Gas shut off valve – turn off during emergencies/disasters for safety
- GFI plug(s) – so you can check them if your plugs or appliances in the bathroom, kitchen, patio or garage fail to work
- Electric and/or gas meters to check your utility bills
- A/C and Heating Filter(s) Locations/Sizes
- The main water shutoff valve in case of major flooding
- Water shutoff valves below the sinks and behind toilets in case of water leaks
- Method of cleaning for the oven so you use the right products
- Time bake knobs on the oven – in the event the oven will not work, these may be on

If you are uncertain about any of the above items, contact your T2MRE management team for help.

MAINTENANCE

When you rented the property, your lease contained detailed maintenance instructions. Please review them before requesting a work order. T2MRE has more tips in this handbook.

Tenant Renovations/Alterations

It is the T2MRE policy that tenants do not do repairs or alterations. You agreed to this in the T2MRE rental agreement/lease. If you do want to make a special request for renovation or repair to the property:

- Submit your request in writing before making any changes
- Do not proceed with any work until you are notified by T2MRE
- T2MRE will consult the owners to see if the request is acceptable to them
- If the request is acceptable to the owner, tenants must do one of the following prior to vacating the property:
 - Leave the alterations if this is part of the owner's condition to accept the alteration/repair
 - Return the property to its original state if this is part of the owner's condition to accept the alteration/repair and pay for any necessary repairs to restore the alteration/repair to its original state prior to any showings to secure a new resident.
 - Sign an T2MRE agreement regarding the alteration/repair

Tenant Maintenance responsibilities

The property owner has a duty to maintain your residence to uniform codes of safety for landlord/tenant law. Therefore, T2MRE has provided you with an online tenant portal and 24/7 maintenance call center when there are legitimate repairs. We want you to report maintenance items.

However, there are items that are the tenant's responsibility and we have listed them again

- Replacing smoke alarm batteries
- Replacing light bulbs with the correct size
- Replacing hvac/furnace filters, if applicable, every 30 days
- Reporting non-functioning smoke alarms immediately if batteries do not solve the problem
- Reporting all necessary repairs
- Professional steam cleaning and spot cleaning of carpets while residing in the property
- Normal insect control
- Normal rodent control, such as mice
- Landscape cleanup if a service is not provided
- Reporting lack of landscape cleanup if a service IS provided in your rental agreement
- Landscape watering unless there is a homeowner's association that provides it
- Reporting malfunctioning irrigation systems or sprinklers, even if it is the responsibility of an association
- Disposal of all garbage in the proper receptacles and using the weekly pick up service
- Disposal of animal feces on the property even if you do not have a pet
- If the residence has a fireplace, use caution and care when operating the fireplace and disposing of ashes or coals. Do not dispose of coals in the fireplace until they have cooled outside for a week.
- Check to see if damper is open before starting a fire in the fireplace.
- Disposing of toxic waste properly in accordance with local and county laws

Procedures for requesting maintenance

Before calling T2MRE

1. Determine if there is a true emergency or a non-emergency.
2. Check to see if you can determine the cause of the problem that you are experiencing, unless you have an emergency.

If there is an emergency

There are few emergencies. An emergency is a life-threatening situation such as a fire, flood and/or uncontrollable water, electrical problem, smell of gas, etc.:

- Emergencies causing immediate danger such as fire, call 911
- Emergencies involving gas call the gas company and if necessary, 911
- Emergencies involving IMMEDIATE electrical danger, call the utility service or 911,
- After contacting one of the above sources, then call the T2MRE office and report the problem.

- Emergencies such as backed up plumbing, flooding, call the T2MRE 24/7 Maintenance Call Center, and listen for emergency instructions and if necessary, call 911.
- An emergency is NOT heat, but T2MRE recognizes this is important and will make it a priority with vendors to have the heat working as soon as is possible.
- An emergency is not air-conditioning, non-working dishwasher, sprinklers, etc.

Non-emergencies:

- Submit a maintenance “work order” request using your online tenant portal, under contact us, and/or using the 24/7 maintenance call center.
- If you call your property manager directly for initial maintenance request you may be requested to go online, or call the maintenance call center. This is to ensure work orders are processed and tracked properly.
- A T2MRE representative will assign a vendor to contact you.
- T2MRE does not give vendors keys to the residences.
- Vendors are required to make appointments with tenants.
- Remember, this is a NON-EMERGENCY item and in most cases, the vendor will not be able to make an appointment immediately.
- Failure to show at an appointment can mean a charge to you. Therefore, be certain to call the T2MRE office as soon as possible if you are unable to make the appointment.
- If you do not hear from a vendor or repairperson within 2 business days, call/email the T2MRE office and inform your management team or a staff person that a vendor has not contacted you.
- A T2MRE staff member will contact the vendor to find out the cause of the delay, and then inform you when to expect the vendor to call.
- After a repair has taken place, if you have trouble, call/email T2MRE and state you had a recent repair but there is still a problem.
- **Recent repair** means within the last 30 days and pest control work means **within the last 30 days**.
- If you fail to report an unsolved recent repair, and there is further damage or expense, you may be responsible for the cost, per your rental agreement.

Preventative cleaning tips

Cleaning is easier when you use a “preventative approach.”

- Always put away food and wipe up food debris.
- Clean pet bowls regularly to avoid attracting ants and other insects.
- Do not allow grease to build up in kitchens; use a sponge and soapy water regularly on counter tops, stovetops, and hood filters.
- Avoid cooking with very high heat. This will add to more grease build-up and cause damage to appliances. It can also be dangerous.
- Avoid mildew by venting rooms and bathrooms properly, particularly after baths and showers.
- Clean bathroom tile or other surfaces regularly to prevent the buildup of grime.
- Clean toilets regularly to avoid buildup of grime, rings, and mildew.

- Mop tile, wood, and linoleum to avoid “dust bunnies” and the buildup of grime.
- Do not use wax on linoleum or tile.
- Do not use “cleaning products” on tile
- Vacuum all flooring regularly, particularly carpets. This will save in carpet cleaning bills.
- Regularly pick up debris and pet feces in outside areas.

Additional cleaning tips

It is not always necessary to purchase expensive cleaning products. Vinegar, baking soda, ammonia, and salt are some inexpensive cleaning products with many uses. They also are helpful for people who have allergies to cleaning products. They can be better for the environment than commercial products

- Air freshener:
 - Place a bowl of vinegar in the kitchen or bathroom to absorb odors
- Drains
 - For a great once-a-month drain cleaner, pour 1/2 cup baking soda into the drain, follow with 1/2 cup white vinegar -- it will foam. Cover and let sit 30 minutes and then flush with cool water.
 - For stubborn, slow-running drains, pour 1-cup baking soda and 1-cup salt down the drain. Follow this with 2 quarts boiling water. Let sit 30 minutes, and then flush with cool water.
- Tile countertops:
 - To clean ceramic tile, where mold and mildew accumulate, use a combination of 1/4 cup baking soda, 1/2 cup white vinegar, 1-gallon warm water, and 1-cup ammonia.
 - Alternatively, regularly clean kitchen surfaces by using a spray bottle mixed with ½-cup vinegar and a quart of water.
- Glass cleaner:
 - When glass-cleaning products leave residue on bathroom mirrors, mix 3 tablespoons of vinegar with a quart of water in a clean plastic spray bottle.
 - Spray glass and wipe with a clean paper towel.
- Dishwasher:
 - Empty the dishwasher, pour in a ¼ cup of vinegar, and run the dishwasher again.
 - Even if you prefer not to use the dishwasher, run at least once a week to keep seals from becoming hard and cracked.
- Refrigerators
 - Clean regularly and place a cup of baking soda in a bowl on a refrigerator shelf to absorb odors.
 - A cup of dry unused coffee grinds can also absorb odors when placed on a refrigerator shelf.
- Washing machine:
 - A half cup of baking soda can be added to the washing machine with regular detergent to help with mild odors

- Toilets:
 - Remove waterline marks in the toilet bowl by pouring in 2 cups of white vinegar. Let soak overnight, then flush to rinse. If this does not work, rub the waterline mark with a wet pumice stone.
- Carpet stains:
 - Vacuum the carpet if the stain is dry.
 - If the stain is still wet, blot gently to remove excess – blot, do NOT rub.
 - Lightly soak the carpet stain with clean water first to remove the stain – blot, do NOT rub.
 - If the stain remains, mix a 3 Tablespoons of vinegar with a quart of water in a spray bottle and spray the stain; blot again; do NOT rub.
 - If this fails, consult a professional carpet cleaner immediately; the longer you wait may mean the stain may not come out.
- Carpet odor:
 - Regular vacuuming cures most carpet odors, but if carpet odors persist, lightly sprinkle the carpet with baking soda and vacuum thoroughly, removing all baking soda from carpet. Repeat if necessary.

Energy saving tips

Saving water is important for the environment and can mean a lower utility bill for your residence as well:

- Always report water leaks to T2MRE as soon as possible
 - Report water dripping under sinks
 - Running toilets are big water wasters
 - Report malfunctioning sprinklers
 - Report standing pools of water
 - Report malfunctioning water appliances such as dishwashers and washing machines that come with the property
- Run the dishwasher when it is fully loaded.
- Replace your old washing machine with an energy efficient one – you could save the cost of the machine in water and energy bills.
- Check water hoses on washing machines for leaks; change hoses every three years.
- Adjust the water level to match the load, using less water for small loads.
- Avoid using flushing toilets to dispose of ordinary trash.
- Take shorter showers.
- Avoid letting the water continually run while shaving, brushing your teeth, or washing your face
- Be sure your water heater temperature is set properly. Note: do not turn the water heater up to “high,” this is a dangerous temperature level.
- Counsel all children on how to prevent wasting water.
- Do not “over water” landscaping; it is not healthy for plants and simply wastes water.

To lower air-conditioning bills:

- During warm or hot months, close the windows and doors to your home early in the day to “keep cool air in,” particularly when the air-conditioner is running.

- Close window coverings on the sunny side of the house during different times of the day; this can lower the temperature dramatically.
- Replace the air filter often and with the right size, at a minimum of every 30 days. A clean filter helps the air-conditioner to run more efficiently.
- When leaving your residence, turn the air-conditioner up a few degrees, a closed house without activity normally stays cooler. This is particularly important when going on vacation.
- There is no reason to keep the residence in a frigid state while you are gone, but do not turn the air off on very hot days – it will only take longer and more energy to cool down.

To lower heating bills:

- During the cooler months, keep all windows and doors tightly closed.
- Report any major drafts to the T2MRE office.
- Use a “reasonable” level of heat in the residence. Sometimes, turning down the heat just a few degrees can reduce an energy bill.
- Turn the heat down during the night and use warm covers and comforters.
- When leaving home, turn down the temperature on the thermostat.
- Do not turn the heat completely off. It will take more heat for a cold house than it will save. In addition, this could cause pipes to freeze, which will cause more problems.
- If there is a fireplace, close the damper if you are not using it, but please be sure to open the fireplace if you do start a fire.
- Replace the furnace filter often, at a minimum of every three months. A clean filter helps the furnace to run more efficiently

Renters insurance

Property owners generally carry a standard fire and liability policy, and have additional coverage with “landlord/rental” insurance, but they normally cannot cover the contents or possessions of the resident. The reason that insurance companies do not provide this type of coverage is because they are “non-owner” occupied properties. Therefore, it is very important for you to have adequate insurance coverage for your contents.

If you think it is not important, sit down and write out a list of your possessions in one column. In a second column, list how much it would cost to “replace” them. You will be surprised how the list can really add up.

Contact an insurance agent if you do not have renters insurance. You can find them in the telephone directory, search the Internet, or ask a friend. The Internet can also provide both information and comparison-shopping. **To avoid a loss, acquire renters insurance now. This is required, per lease agreement.**

Safety Tips

The safety of you and your family is important to T2MRE and many things can affect it. Here are some tips to follow:

- Unplug all heat-producing appliances like toasters, irons, and coffee makers when they are not in use to prevent fire hazards.
- Never leave a stove or oven unattended; turn off all stove and oven appliances when you leave the house.
- Never leave heating pads and electric blankets on indefinitely and turn them off when you leave the residence to prevent fire hazards.
- Never leave water running unattended in a plugged bathtub or when leaving the residence.
- If you have an upstairs bathroom and you see water in the ceiling below, particularly in a light fixture, report the leak immediately to T2MRE.
- Do not operate electrical appliances while standing or sitting in water.
- Avoid using blow dryers, curling irons, radios, TVs, or other appliances while in a bathtub or over a sink filled with water.
- If you have small children, use child protector plugs when you are not using outlets
- Do not overload extension cords with too many appliances.
- Place lamps on level surfaces and use the correct wattage.
- Avoid running extension cords over walkways, under rugs, or any other place that could cause tripping.
- If you suspect an electrical problem, report it to T2MRE immediately.
- Do not remove smoke alarms, particularly if they are beeping. Smoke alarms are for safety and removing them can endanger all residents and guests. Change the batteries if needed.
- Do not allow children to leave toys on walkways and sidewalks.
- Replace outside light bulbs so you can utilize lights properly when it is dark.
- Report any exposed tree roots to the T2MRE office
- Keep a portable fire extinguisher in the kitchen and the garage; they are available in hardware supply stores.
- If you use a grill or BBQ, use common sense, never leave grills unattended.
- If you have a fireplace, be sure to store hot ashes and coals away from the residence. Do not place ashes in garbage receptacles unless certain they are cold.
- Do not store fireplace wood against the residence.
- Always be certain the damper is open before starting a fire in the fireplace.
- Do not build “roaring” fires in the fireplace; build reasonable fires suited to the size of the fireplace.

Vacation checklist

When going on vacation, here are items to check before leaving:

- If going out of town for an extended period, please notify T2MRE how long you will be gone, and supply an emergency telephone number. Then should any problems arise concerning your residence, there is someone to contact.
- Check your rent payment to ensure it will not become delinquent. It would be a sad thing to come home to a late notice and charges.

- Notify all necessary parties such as your next-door neighbors, the paper delivery person, the post office, or any related service people. By doing so, you will avoid any panic that something is wrong.
- Select someone to pick up items on your doorstep to avoid giving signals to dishonest people.
- If leaving a vehicle in the driveway, remove any valuables and garage door openers that can be stolen, giving access to your home.
- Put garbage cans away or arrange for someone to take care of it.
- Place valuables and jewelry in a safe deposit box.
- Avoid leaving a message on your answering device telling people you are out of town and for how long.
- Set timers on interior lights, to deter burglars.
- Be sure to check all windows, window locks, and doors before leaving.
- If you have an alarm, be sure to set it.
- Turn off the water valve to your washing machine.
- Turn off all appliances, large and small, such as stove burners, coffee pots, irons, curling irons, etc.
- Unplug TVs and computers in the event of lightning or power surges.
- Turn your water heater to low or “vacation” setting, but do not turn the water heater off.
- Anything else living in your house besides you, such as plants or pets? Then be sure to water plants and have someone take care of your animals. Do not leave pets in the residence unless a reliable person is going to care for them daily

Holiday tips

Everyone enjoys the different holidays, but it is important to exercise care during the celebrations and remove decorations when each season is over.

- Hang lights and decorations properly and carefully.
- Before hanging, check for bad plugs and loose wires. If you find defects, dispose of the lights.
- Only use lights and decorations during holiday seasons; remove them immediately when the season ends.
- Dispose of holiday trees properly; never burn them in a fireplace.
- If you use extension cords, do not overload, do not staple them to the residence, and if outside, use only cords approved for outside use.
- Never leave holiday lights on when leaving your residence to avoid fire danger.
- For fireworks celebrations:
 - Do not use illegal, dangerous, or explosive devices.
 - Only buy legal fireworks and check where you can use them.
 - Use common sense safety rules with fireworks.
 - Do not use fireworks in or around your residence.
 - Keep all fireworks away from any dry grass, trees, or roofs.
 - Attend a fireworks celebration instead of buying them and enjoy the fun without the responsibility.

Emergency/disasters

Unfortunately, emergencies and disasters happen all around the world. The best solution is to be prepared. In the back of this Handbook, you will find a convenient Emergency/Disaster Checklist that has items to do before and during an emergency/disaster.

There are different emergencies

- Maintenance emergencies:
 - Call the 24/7 maintenance emergency call center, **210-401-4823**.
 - Please follow the maintenance instructions and then call T2MRE when appropriate.
 - T2MRE requests that you treat the T2MRE staff courteously while under stress of the situation – we will do everything we can to help you as soon as possible.
- Area emergencies or disasters:
 - Be prepared and use the T2MRE Emergency/Disaster checklist enclosed with this information.
 - When major emergencies or disasters such as a hurricane, tornado, earthquake, or some other force of nature occur, everyone experiences great inconvenience and difficulty. Remember this and be considerate of others and the degrees of different problems.
 - T2MRE requests that you call emergency services first in a disaster.
 - Then notify the T2MRE office as soon as possible what has happened.
 - T2MRE will assign priorities to work and during an area emergency/disaster, will work to assist you as much as possible
 - When calling the T2MRE office, we ask you to be patient and calmly state what problems you are experiencing. We will handle the problems as quickly as possible.

Drug free housing

T2MRE has a drug-free policy for tenants and it is a requirement of your tenancy as outlined in your rental agreement. However, people can encounter drug problems from other residents from the lowest income neighborhood to the highest. We want you to be aware of signs of potential drug problems in any neighborhood.

- Do not approach a house or building if you smell a strong chemical odor. Report it to the authorities. Drug houses may contain volatile chemicals and can easily explode.
- Do not pick up abandoned purses, suitcases, filled bottles, or packages. People place “meth labs” in objects of many shapes and sizes. They are highly explosive and dangerous; report any unusual or abandoned object to the authorities. Do not attempt to examine it yourself.
- If you see constant pedestrian or vehicle traffic in your neighborhood at all times of the day and particularly at night, it could be a drug house, particularly if you observe high security precautions surrounding the property.
- First, report unusual and disturbing activities in your neighborhood to the authorities, and then notify T2MRE of your suspicions as soon as possible.
- Educate and train children of all ages for the signs of drug activities or a drug house.

- Be aware and be alert – a drug house or drug activities are a danger anywhere and to everyone.

FREQUENTLY ASKED QUESTIONS

T2MRE has put together a list of the most frequently asked tenant questions that may answer many of your concerns in advance.

Why did I receive a notice when I paid the rent on the 4th of the month?

- Rent is late if not paid by midnight on the 1st day of the month and late charges begin if is not submitted online by 11:59 pm of the 3rd day of the month. Payments can be scheduled through your online Tenant Portal - <https://www.t2mre.com/tenant-portal/>

We also have a drop box location at the UPS Store, 11844 Bandera Rd #132, Helotes, TX 78023 for your convenience and if you are paying rent late include the late charges with certified funds. Pay NSF checks with certified funds.

UPS Store Hours - <https://helotes-tx-3720.theupsstorelocal.com/>

TIP** Strongly recommend paying 5-6 days prior to end of month, and/or setup recurring payments online. This way if payment is returned for any reason (NSF, Wrong Account Info, ETC...) you have a chance to correct and resubmit payment before it becomes late. Once payment is returned for any reason after the grace period, payment must be made in certified funds to include Returned Payment and Late Fee(s).**

Why can I not clean the carpet myself?

- We require professional steam carpet cleaning to preserve the life of the carpet. Home machines do not handle the deep cleaning necessary.

Can I install extra telephone lines?

- You can install extra telephone lines if you pay the expense and disconnect them when you leave. However, you must notify T2MRE and obtain written permission to install the lines.

Can I have a satellite dish?

- Yes, you can have a satellite dish. However, you must submit a request to T2MRE and sign an agreement prior to installing the dish. You also must take responsibility for removing the dish and repairing any damage. Call your T2MRE management team for details.

I did not have a pet when I moved in; can I have a pet now?

- Notify your T2MRE management team of your request for a pet. Do not move a pet into the property without permission. The Property Manager will contact the owner and submit your request. If the owner does allow a pet, an increased security deposit and/or pet fee will be required and a pet agreement signed. If the owner says no, abide by the decision and your rental agreement.

What happens if my pet dies or runs away, can I have my increased security deposit back?

- No, all security deposits remain in effect until all tenants vacate the property. Until a property is completely vacant, there is no way to check the entire property thoroughly.

What happens if I want another pet?

- Notify your T2MRE management team what pet you want. The Property Manager will contact the owner and submit your request. If the owner does allow a pet, an increased security deposit and/or pet fee will be required and a pet agreement signed.

My roommate wants to move, but I want to stay. What do I do now?

- Your roommate needs to submit a partial notice to vacate. T2MRE will need documentation from you to show you can support the property by yourself. T2MRE will not partially refund part of the security deposit to your roommate since it is a condition of your rental agreement. You and your roommate will have to settle any funds owed to each other, including any or all of the security deposit.

I want to add a roommate/occupant, now what do I do?

- The prospective roommate/occupant will have to submit an application and T2MRE must approve the person PRIOR to them moving into the property. If T2MRE denies the applicant, they cannot move into the property. If approved, you and the approved applicant must sign new rental/lease agreements.

Why do the owners want to see the property?

- The owners are showing responsibility toward the maintenance of the property, the condition, and their investment. It is also their right to see the property, but they respect that it is your residence. It is also nothing to fear. This is why T2MRE contacted you first to set a date and time.

**** Additional FAQs****

How do I report a maintenance issue?

Do Not Call your Showing Agent for repairs, or maintenance. All repair requests are to be submitted in writing separately through our website, or through the maintenance call center. "Emergency" repairs MUST be called into our maintenance call center.

Tenant Portal - <https://www.t2mre.com/tenant-portal/>

24/7 Maintenance Call Center – 210-401-4823

You will be charged for any unnecessary trip charges or repair charges as a result of your neglect or abuse. If not paid this will be deducted from your deposit. Your move-in condition report is not a maintenance request.

How long should I wait to hear back from someone regarding a maintenance problem?

In a non-emergency situation, please allow 2 business days. If you have not heard from our office or our vendor in 2 business days, please contact the property manager directly.

What do I do if I have a maintenance emergency?

If this is an after-hours emergency, please call our 24/7 maintenance call center **210-401-4823** (Program this number into your phone asap). If they are experiencing a high call volume please leave a message and your call will be returned promptly.

****For FIRE, GAS or Natural Disasters, call 911 First!****

Do I need approval to paint or change something in the home I am renting?

Any and all changes or modifications to the property must be requested in writing to your property manager for approval. Cable and/or telephone outlets in rent houses may or may not exist. Should there be any existing cable and/or telephone outlets there is no guarantee that they are functioning properly. This is the tenant's responsibility. Additional telephone and/or cable outlets for houses can be arranged for installation through the appropriate cable and/or telephone company servicing your area. All cable service costs are the resident's responsibility for all properties. Should you wish to have a satellite dish installed you will need to get prior written authorization before proceeding.

What Safety Measures should I follow per the lease?

- Check your smoke alarms once a month and report any malfunction to the office
- (resident is responsible for the replacement of batteries).
- Replace your AC/heater filter at least every month.
- Follow "cold weather" procedures to prevent pipes from freezing during winter months.
- Read and comply with the Homeowner's Association Rules & Regulations concerning patios, balconies, and parking if your unit is a condominium or town home. Residents are subject to fines for violations of these rules.
- Boats, RVs, and trailers are not allowed on most properties. Request a website link to the HOA Rules & Regs.
- Waterbeds and Trampolines are not allowed without owner approval in writing and a renter's insurance policy in place with a rider addressing the extra liability. T2M Real Estate should be named in the policy as a protected entity.

What is the procedure for giving proper notice to move-out?

The minimum lease term is through the last day of the month. You must give at least 60 days WRITTEN notice prior to the first day of your move-out month. For example, if

your lease ends on Jan 31, you must provide written notice on or before Nov 30.

What do I do if I need to move before the end of my lease?

There are options available. Contact our office to discuss these options to terminate your lease early without negative consequences.

How and when do I get my security deposit back?

Under Texas law, the security deposit cannot be used for rent, not even the last month's rent. The purpose of the security deposit is to cover any damages caused by an occupant or occupant's visitor. It does not apply to "normal wear and tear". You must turn over the property keys and provide a forwarding address. From the time keys are surrendered and the forwarding address is received, deposits are processed within 30 days.

Giving your notice

Eventually, you will move, and we want you to be prepared when this is necessary. T2MRE tenants are required to give a **60 days notice** of intent to vacate.

Before giving notice:

- Check your rental agreement/lease to see if you are eligible to give notice. It will specifically state when you can give notice. A lease is a binding agreement for a set period and you may still be bound to the lease.
- If you need to move and you are still committed to a lease period, contact your T2MRE management team to discuss your options.
- Notices must be in writing. The day T2MRE receives the notice is the date the notice begins. For example, do not fill out a notice with the current date and mail it five days later, thinking the date you mailed is the notice date.
- T2MRE does not accept notices by email because of lack of signature; T2MRE does receive notices by fax. We have a specific notice of intent to vacate form for you to complete.
- T2MRE does not provide rental history to other landlords/property management companies unless tenants submit a written Notice to Vacate and the tenant gives the authority to T2MRE to give out rental references.

Setting up your move out appointment

- After you submit your Notice to Vacate, T2MRE will send you additional instructions. This will instruct you on what to do during the notice period, and how to set up your move out appointment.
- T2MRE only performs move out appointments during weekdays, **9 am to 5 pm**.
- It is the responsibility of the resident to return all keys and openers to T2MRE.
- Failure to return keys and openers could incur additional charges.

- Remember to supply a forwarding address and telephone number for your security deposit refund.
- Use the T2MRE Moving Checklist so you remember important details.

PREPARING THE PROPERTY

When you are ready to move, if you have questions on how to prepare your residence, please call your T2MRE management team, and discuss your concerns with them. We want your move to be a pleasant and successful one. The following are the steps to take for your move.

Cleaning

- Have the property clean throughout the interior and the exterior.
- This includes vinyl or tile floors, windows inside and out, window sills and door casings, mini-blinds, wiping out drawers and shelves, all appliances, sinks, toilets, bath tubs, showers, vanities, light fixtures, fireplaces, removal of cobwebs inside and out, etc.
- Tenant caused dirt is not normal “wear and tear.”
- Pick up debris and animal feces on the exterior of the property and place them in the proper trash receptacles.

Carpet Cleaning

- Carpet cleaning depends on time lived in the property for normal wear and tear, whether you have had pets, and also if the carpet cleaning exceeds normal wear and tear.
- You will be charged 100% at all times, if you have had pets and/or you have soiled carpets exceeding normal wear and tear.
- Do NOT rent carpet-cleaning machines, use home cleaning machines, or employ chemical cleaning companies. Only professional truck-mounted steam cleaning from a reputable company is accepted.
- Call T2MRE for a recommendation on a carpet cleaner who will give you reasonable rates on carpet cleaning.
- If you hire another carpet cleaner, the carpet cleaner must guarantee their work to the satisfaction of T2MRE, and a receipt is required during the walk through inspection.
- Tenants, please note: T2MRE will not reimburse for any carpet cleaning contracted by tenants.

Draperies/window coverings/windows

- Do NOT wash draperies.
- You are not expected to dry clean draperies unless:
 - You have caused excessive soil or allowed water damage from open windows. Draperies with water stains could require replacement. Discuss this with your management team.
 - You have not been using the draperies provided and/or have not kept them in good condition
- Wipe all mini blinds – do not use harsh chemicals on the blinds.
- Clean all windows inside and out.

Replacements

- The following must be in working order to avoid charges when moving out:
 - Burned out light bulbs
 - Non-working smoke detector batteries
 - Missing doorstops
 - Furnace filters - change the filter just before you vacate the property, and make sure you use the correct size.

Pet Treatment

- If you have a pet, you **MUST** have carpet professionally pet treated and deodorized.

Landscape clean up

- The outside area is to be neatly mowed, trimmed, pruned, fertilized, and watered for outside areas that apply in your rental contract.
- Remove all trash and debris, placing in the proper receptacles.
- Remove grease or oil drips; dispose of motor oil properly – it does not belong in the garbage receptacles.
- Pick up any animal feces whether you have an animal or not.

Trash

- If you have trash that exceeds the normal pickup, you are to arrange to have it hauled away at your expense.
- Place all other trash within the appropriate trash receptacles for normal trash removal.
- Do not overflow trash receptacles.

Painting

- We request that you do not spackle, putty, or touch up paint unless sure the paint will match.
- Charges can occur if unnecessary painting is required due to tenant painting.
- Charges for painting depend on whether it exceeds normal wear and tear, and the length of time in the property.

Your security deposit refund

When you follow the move out procedures leave the property in good condition as it was received, it simplifies the task of refunding your security deposit. T2MRE remits security deposit transmittals within **30 of days** in accordance with the state landlord/tenant law. Remember, T2MRE wants your move out to be a pleasant and successful process.

T2MRE ADDITIONAL TENANT FORMS

You are REQUIRED to review our Move-out Policy/Procedures Form Online, and our Showing Policy/Procedures Form Online Prior to Signing This Lease Agreement. It is for your protection!

CONCLUSION

We reserve the right to make revisions, from time to time, without notice, in our ‘Lease Rules and Regulations’ and policies and procedures, due to changes in the ‘Texas Property Code’ or ‘City Codes.’

Violation of these guidelines will constitute a breach of the lease.

In any case, if a conflict appears between these guidelines and the TAR Lease Agreement, the conflict shall be resolved in favor of the TAR Lease Agreement.

Approved for use by T2M Real Estate.

If you have any questions regarding your lease, or concerns during your stay with T2MRE, please feel free to call or email us anytime. We depend on and appreciate your business, and our staff will do their utmost to satisfactorily resolve any problems. Our goal is to always provide you with efficient, courteous service.

We will work hard during your residency to make it a pleasant one and look forward to a mutually satisfying relationship. Your cooperation is always appreciated.

We hope that you have found the *T2MRE Tenant Handbook* useful and informative. It is our goal to prepare you for a successful tenancy and a pleasant move out when this occurs.

If you have any questions on the enclosed information, please contact your T2MRE management team.

Have a successful residency

T2MRE Emergency/Disaster Checklist

Pre- Emergency/Disaster Checklist:

Take the time to review and implement this list – it could be a lifesaver.

- Take an inventory of your belongings, complete with photos, descriptions, and serial numbers. Items to list are TVs, VCRs, stereos, cameras, camcorders, sports equipment, jewelry, silver, computers, or anything of value
- Know where the shut off valves are in your residence, review page 9 in the T2MRE Tenant Handbook, “getting to know your residence”
- Keep copies of important papers stored in a safety deposit box
- Make sure your renters insurance is current at all times
- Discuss with your family or other residents what emergency procedures you will use and post them in the kitchen, office area, etc.
- Plan escape routes in the event of fire and inform every resident of the routes, including children
- Teach children how to use 911 or call for other services
- Always maintain a reserve of bottled water/drinks and non-perishable foods in your residence, along with a manual can opener.
- Have a portable radio with plenty of extra batteries and the right kind for the radio
- Have two or more flashlights with the extra batteries and for the right kind the flashlight
- Have large long-burning candles and matches available
- Have an adequate first aid kit and replace items when necessary
- Keep your cellular phone charged

Use this list when an emergency/disaster occurs:

- In a gas leak is possible during an emergency/disaster, immediately turn off the gas valve
- Keep your car in the driveway, if it is practical, for any necessary evacuation
- Call 9-1-1 only to access help and NOT to learn news
- Call T2MRE when it is practical, but remember that T2MRE will do what they can to help you, but is not an emergency service. Many repairs will have to wait until the emergency/disaster passes
- Only call people when necessary and have an emergency contact outside your area who can notify other people
- Limit use of the telephones during emergencies/disaster to avoid overloading the circuits
- Unplug or turn off major lights and appliances - such as space heaters, washers, dryers, computers, TVs, etc. Several appliances coming back on at the same time may overload circuits or hot appliances may come on while you are away or asleep causing fire hazards
- Leave a single light on to alert you that power is restored
- If you use candles and matches, do it safely – you do not want to create another problem
- Limit cell phone usage or use your car to charge batteries
- If you have to call emergency services, be calm, state your problem, and be patient. Emergency services will be overloaded.
- If you have standing water in a room, do not enter if the electricity is on; try to wait for a professional
- Do not vacuum wet floors or carpets unless you have the right equipment for water removal. Using a normal vacuum is dangerous with water
- Only open freezers and refrigerators when necessary to avoid losing food as long as you can
- Conserve water and food when disaster occurs
- If you are in a car when power lines fall, remain in the car until you can get help or you are certain that it is safe to do so; then jump clear of the car, not touching any metal.
