FREQUENT QUESTIONS

WHAT IS MY HOME WORTH?

In order to price your home we will look at similar homes within a 1/2 mile radius of your property that have sold within the past three months. This will give us a great idea of the “comps” and what your home is worth.

HOW MUCH WILL I WALK AWAY WITH?

We will provide you with an estimated net sheet. The net sheet will give you a low, medium and high valuation of how much you will net.

HOW LONG WILL IT TAKE TO SELL MY HOME?

Timing will greatly depend on our pricing strategy. Typical escrow is 30 days.

HOW LONG IS A TYPICAL ESCROW?

A closing time-frame is typically for 30 days from the date that an offer is accepted, depending upon if you are obtaining financing or paying cash.

WHAT ARE MY CLOSING COSTS GOING TO BE?

For the most accurate estimate, escrow will draft a Good Faith Estimate once we accept an offer. We will provide a net sheet with closing cost estimates.

DO YOU HAVE A LIST OF RECOMMENDED INSPECTORS AND VENDORS?

Yes! We have many favorite inspectors and home service providers that we look forward to sharing with you.

DETERMINE **YOUR** NEEDS

Our **top priority** is not only the **successful sale** of your home, but most importantly to provide you with a real estate experience that is **stress-free** and **satisfying**. The more we can know about why you are selling, and how soon you need to be sold, will help us determine the **proper marketing timeframe** to produce the most beneficial results.

Mutual communication will help us to fully understand your needs, concerns, and expectations. **We are committed** to always work for your best interests because our goal is the same as yours, **to sell your home!**

THE LISTING PROCESS

THE PATH TO SELLING YOUR HOME

MARKETING PLAN

The key to our marketing plan is timing. Every real estate agent will tell you about their marketing plan and how unique it is.

Truly... there are only so many ways to market a home. Our methods are active and physical, meaning that we get in front of the right people to bring them to view your home. Active marketing combined with the right timing makes the difference and you can count on us to make that happen.

SIGNAGE

Each listing will have a custom sign rider on the property.

INTERNET

All of our listings will be shown on our website along with all of our social media accounts. We include the homes professional pictures as well as any videos that we create. In addition to our website, our listings are also syndicated to other major listing websites such as Zillow and Realtor.com.

JUST LISTED POST CARDS AND FLYERS

Once your property is listed, we take digital photos of the property and create a brochure that offers colored photos and great details regarding your home.

Within 5 days of your home being listed in the MLS, we will notify your neighbors of the listing. We will deliver custom marketing flyers or a “Just Listed” postcard. Appealing to them, helps us find a buyer and reminding them that a strong home sale for you is a positive for the whole neighborhood. Your neighbors are often the biggest advocates for the area and may have friends who want to live nearby, so while some of them may just be curious or “nosy”, we want them to be informed as possible.

CALL SURROUNDING AREA

We personally call your surrounding area and neighbors to tell them about your upcoming listing and invite them to our Open House.

VALUE-ADDED SERVICES

- Team service 7 days per week
- Weekly status updates
- Appointment center – open 7 days a week
- **Supra Lockbox** service for safety and convenience

STAND OUT IN THE CROWD

VISUALLY STAND OUT AMONGST THE COMPETITION

Professional photography is essential to a successful home sale. Our team uses drone footage, video walk tours along with our professional photographer to give your listing the best “life” possible and to show off why the buyers would love to buy your home.

If you’ve searched for homes in the market lately, you’ve likely noted that many properties are photographed with digital cameras or even smart phones, and the result is obvious. We want our properties to stand out and impress potential buyers at first glance, and draw people in to want to see more. A buyer will often see hundreds of home photos before they will ever set foot in a property, so we need our “first showing” of your home to be as impressive as possible.

UNPARALLELED EXPOSURE

COMING
SOON

We are able to post your home on Zillow and Realtor.com as a ***coming soon listing.***

ZILLOW ENHANCED LISTING

We are a Premiere Agent Team with Zillow. This allows us to show off your home in ways that will bring attention to buyers browsing on the site. We have enhanced placement as well as the ability to upload numerous photos and provide a personal video walk through of your home. This in return boosts your exposure and allows your home to be viewed higher on the ranking on Zillow.

ENHANCED REALTOR.COM

All of our listings are enhanced on Realtor.com. This pushes buyers to your home before seeing those of your competitors. Enhanced listing feature more photos, lengthier property descriptions, interactive mapping, and custom neighborhood information pages. They have increased exposure as well as differentiation on the Search Results pages and Listing Detail pages, and according to Realtor.com, received 3x more views than regular listings.

YOURHOME.COM

We'll create a custom website specific to your home. It will have a unique domain name for your street address, and it will be syndicated to more than 20 major property search portals such as Zillow, Trulia, and homes.com.

PRICING YOUR HOME

PRICING VS. POTENTIAL BUYERS

Properly priced, you will have the possibility of many more buyers coming for your property.

Two key indicators will tell us if we need to adjust our pricing:

- 10 Days without a showing
- 10 Showings with no offers

The market will tell us very quickly if we have priced your home correctly. The question is whether or not we listen.

If the market tells us that the home is priced wrong and you have to reduce, you are actually moving your price closer to **REAL MARKET VALUE**.

PRICE IT RIGHT

89% OF ALL YOUR SHOWINGS WILL BE IN WEEKS 1-3.

Competitive and strategic pricing is vital to the sale of your home. A competitively priced home is likely to generate multiple offers which results in a higher closing price. The highest rate of showings occur in the first few weeks of listing.

**Therefore, it is imperative that you are
priced correctly from the beginning.**
