At Eversource, we appreciate your contribution to renewable energy and welcome you to your new cogeneration billing! Each month the electricity you purchase and the amount of any excess electricity you generate will be displayed on your statement.

Please remember the amount of energy you generate will differ from your sales amount, which refers to the amount of generated energy that is unused and sold back to the electric grid.

Payment will be sent to bank  
for processing on 01/30/25

## News For You

Beginning Jan. 1, if you've chosen Eversource as your energy supplier, the Standard Service supply rate will increase compared to December. This is consistent with the typical summer to winter upward adjustment. The price of energy from power generators usually increases in the winter due to the demand for natural gas, which is used for heating and to produce roughly half of New England's electricity. To learn about programs we offer to manage your energy use and help you pay your bill this winter, visit [Eversource.com/winter-bill](http://Eversource.com/winter-bill).
