- **Sale-to-list for new builds is 98.0%.** Buyers are negotiating about 2.0% off the final list price on new homes.

New build vs resale

Segment	Sales	Median price	Median $/sf	Median DOM	Sale-to-list	Active now
New build (never occupied)	17	$680,000	$327	33	98.0%	6
Resale (built 2015 or later)	0	—	—	—	—	1

Resale here means homes built in 2015 or later, the homes buyers compare a new build to. Compare $/sq ft and days on market, not the overall median price.

By product type

Product	Sales (new / resale)	Median price	Median $/sf	Median DOM (new / resale)	Sale-to-list	Active	Months of supply

*Clearwater Park figures are TNT's medians from Pillar 9™ MLS® sales. CREB® benchmark prices use the MLS® Home Price Index and are a different measure. Don't compare them as like for like. Clearwater Park is outside Calgary; city figures are shown as the reference market most buyers also shop.

What this means for builders

PRICING

New detached – front garage specs are asking about **$339/sq ft**, in line with the **$341/sq ft** new homes have sold for. Pricing is not the main obstacle here; presentation and incentives decide which spec sells first.

TIMING

Quarterly sales over the past year ran 1 → 6 → 1 → 9. Winter is the slowest stretch; specs finishing over the winter should be listed and photographed before possession so they're ready for the spring market.

Your builder specialist

Cam Johnson founded and ran a construction company working on building and land development projects before he moved into real estate. He looks at a spec the way a builder does: the product, the lot, what it costs to carry and what it will take to move it. That's why this brief is built around the numbers builders use, not the ones buyers see. Cam works one-on-one with builders on spec pricing, MLS® marketing, showings and weekly feedback, and our team can sell a move-up buyer's current home on a coordinated timeline so their new-home purchase doesn't stall.
