What this means for builders

PRICING

New detached – front garage specs are asking about **$328/sq ft**, in line with the **$321/sq ft** new homes have sold for. Pricing is not the main obstacle here; presentation and incentives decide which spec sells first.

DETACHED – FRONT GARAGE SUPPLY

Detached – front garage has **9.3 months of supply**: 14 listed against 18 sales in a year. Specs in this product need a sharper price, a finished basement or a stronger incentive to stand out.

THE UNDER-$400K BAND

The under-$400K band has **9 months of supply**: 7 homes for sale against 9 sales in a year. Specs priced here compete hardest; price toward the band below or add value buyers can see.

TIMING

Quarterly sales over the past year ran 6 → 15 → 3 → 4. Winter is the slowest stretch; specs finishing over the winter should be listed and photographed before possession so they're ready for the spring market.

Your builder specialist

Cam Johnson founded and ran a construction company working on building and land development projects before he moved into real estate. He looks at a spec the way a builder does: the product, the lot, what it costs to carry and what it will take to move it. That's why this brief is built around the numbers builders use, not the ones buyers see. Cam works one-on-one with builders on spec pricing, MLS® marketing, showings and weekly feedback, and our team can sell a move-up buyer's current home on a coordinated timeline so their new-home purchase doesn't stall.
