What this means for builders

PRICING

Price new detached – front garage specs closer to the **$312/sq ft** new homes have actually sold for, not today's $341 asking level. 4 specs in this product are competing with each other and with resale.

PRODUCT

Semi-detached / duplex is the tightest product. 8 sold in 12 months with 1 listed now (1.5 months of supply). If your plans include semi-detached product, now is a good time to bring one to market.

APARTMENT CONDO SUPPLY

Apartment condo has **13.5 months of supply**: 9 listed against 8 sales in a year. Specs in this product need a sharper price or a stronger incentive to stand out.

THE $400K–$499K BAND

The $400K–$499K band has **21 months of supply**: 7 homes for sale against 4 sales in a year. Specs priced here compete hardest; price toward the band below or add value buyers can see.

TIMING

Quarterly sales over the past year ran 6 → 9 → 10 → 8. Winter is the slowest stretch; specs finishing over the winter should be listed and photographed before possession so they're ready for the spring market.

Your builder specialist

Cam Johnson founded and ran a construction company working on building and land development projects before he moved into real estate. He looks at a spec the way a builder does: the product, the lot, what it costs to carry and what it will take to move it. That's why this brief is built around the numbers builders use, not the ones buyers see. Cam works one-on-one with builders on spec pricing, MLS® marketing, showings and weekly feedback, and our team can sell a move-up buyer's current home on a coordinated timeline so their new-home purchase doesn't stall.
